FIND YOUR AUTHORIZED CONTRACTOR TODAY

Our goal is to provide you with quality paver & wall products for your project. We understand that it's a large investment. If you need help with finding the right contractor for your project, we can help. Our goal is to recommend qualified, knowledgeable, certified hardscape contractors. The hardscape contractors found on our Keystone Hardscapes Authorized Contractor list have shown a proven knowledge on the basics of paver and retaining wall construction and installation. Each company listed has at least one individual on staff that has attended our one-day training course and passed our Authorized Exam.

While we try our best to recommend qualified contractors for your project, Keystone Hardscapes does not guarantee the workmanship of the installer. Please ask your selected contractor for references and about any warranty or guarantees they might provide on workmanship.
